BOB MWITI
MANAGING DIRECTOR
Bcom (Accounting & Finance)
MBA (Professional Accountancy)

Message from the Director

After graduating with an MBA from the US in 2011, I felt a heavy burden over me seeing the few Kenyans who could afford to study in North America. What amazed me most was the spirit and knowledge of Indians in my school about funding opportunities for graduate studies in the US. On the other hand, most African students didn't know where to begin in their pursuit of North American higher education. Many didn't know which schools and programs to consider, how to get funding, and how to navigate through the visa processes.

It's because of these challenges that I founded this organization to primarily help international students like you. Our goal in this program is to ensure that we provide optimal guidance through the many processes inclined to ultimately attending a North American university and pursuing your master's and offering career guidance and assistance after graduation.

I have received various accolades for my role in founding The KENYA Airlift Program and impacting people's lives.

In **2023**, I was recognized by **African Warrior Magazine** as one of the top 50 Kenyans living in the US.

In **2021**, I received **The Global Impact Award** by the **International Council of Educational Professionals (ICEP)**.

In **2018**, I was recognized by **African Warrior Magazine** as one of the **40 most Inspiring Kenyan Men Living in USA**.

OVERVIEW

Every year, North America absorbs over 1 million international students from every corner of the world who migrate to further their studies. On the other hand, thousands of brilliant Kenyans and other Africans who wish to seek world-class education in North America, fail to do so, simply because education in North America is too expensive for them and most have no access to any kind of funding that would facilitate such an endeavor.

The KENYA Airlift Program seeks to help brilliant Kenyans achieve that dream of studying in North America regardless of their financial background. We accommodate ambitious, and incredibly talented Kenyans who are willing to take a leap of faith in joining the STEM space in order to make their North American graduate dream a reality. One does not need to have a STEM bachelor's degree to pursue STEM designated master's course in North America through our program.

This award-winning program is trying to fix 2 major challenges Kenyan students face in their quest to study in North America, namely:

- **Acquiring funding**
- **Career support**

Acquiring Funding

In Kenya, currently there are no banks that offer international student loans for those wishing to study abroad. Through this program, we are trying to emulate a country like India that offers such loans to its citizens wishing to study abroad. We have taken it upon ourselves to find a way of funding Kenyans who wish to pursue master's STEM in North America. We have officially partnered with North America - based lenders to facilitate that.

Also, we understand that it's quite challenging to find financial aid, and in this program, we negotiate for tuition scholarships with some of our partner universities and also assist our beneficiaries in applying for graduate/teaching assistantships with the schools that we work with. This financial aid helps cover relocation, tuition costs and living expenses for our beneficiaries.

Career Support

North America is literally the Mecca of high-quality education. With a master's degree from a North American university, one's profile becomes quite competitive in the corporate world anywhere across the globe. Besides, blending one's master's with some of the Job skills training that we offer, such as Robotic Process Automation (RPA), Data Science (Machine Learning and Artificial Intelligence), and Cybers security is usually the hallmark of career greatness. These skills are the most sought-after in the contemporary corporate arena.

By packaging you well along those two important realms, we can help create your value and make you ripe for any opportunity for career progression after school. We consistently provide guidance and mentorship at each step of your career ladder to enhance personal growth and success.

HOW THE PROGRAM WORKS

The KENYA Airlift Program is divided into two options based on the student's academic and financial ability: **REGULAR** and **PARALLEL**. Students in the regular option are entitled for **full** relocation expenses funding in addition to **full** tuition and living expenses funding while those in parallel option are entitled for **partial** relocation expenses funding and **full** tuition and living expenses funding. Specific differences between the two options are outlined in the succeeding sections in this handbook.

QUALIFICATION REQUIREMENTS

****Note**We DO NOT accept work experience as a substitute for academic qualifications.**

Regular Option

To qualify for the regular option, one must have at least **C+ (Plus) mean grade** in **KCSE** and at least a **second-class lower division (2.8 GPA)** in an undergraduate in any major, and a **GMAT/GRE** score of **450 and 298** respectively.

Parallel Option

To qualify for the parallel option, one must have at least a **C+ mean grade** in **KCSE** and at least a **second-class lower division (2.8 GPA)** in an undergraduate in any major. One **DOES NOT** have to sit for **GMAT/GRE** in the parallel program but shall have to take care of part of their relocation expenses as indicated in subsequent parts of this handbook.

If you qualify and wish to join either program, follow the steps below.

ENROLMENT STEPS

STEP 1: Joining the Airlift Network

If you are a qualified candidate interested in the program, please join our telegram group of prospective airlift students using this QR code. <https://t.me/+dS6H2vvBJCwyMDhh>

This telegram group will help you interact with program administrators and other prospective students where you can ask any questions you may have about the program.

HOW TO CALCULATE YOUR GPA

Calculate the total number of As in your transcript.

Total number of B's

Total number of C's

Total number of D's

Grade points

A= 4

B= 3.7

C= 3

D= 2

For example,

If out of 50 subjects, you did you got: -

12 As

25 Bs

12 Cs

1 D

Then,

As ---12x4=48

Bs ---25x3.7=92.5

Cs ---12x3=36

D's ---1x2=2

$(48+92.5+36+2) \div \text{no. of subjects done.}$
 $178.5 \div 50$

GPA=3.57

Round off to the nearest 0.05

=3.55

Qualified interested candidates submit their application at

www.kenyaairliftprogram.com

STEP 2: Apply to The Program

Visit www.kenyaairliftprogram.com and submit your application. Please note there is a non-refundable application fee of **\$10** that is paid at the time of submitting the application. You will receive a decision within 48 hours.

STEP 3: Making Relevant Program Contributions

As part of your acceptance into the program, you will be sent a link via email to make payment for your contribution depending on your chosen option:

- Qualified **REGULAR** students **MUST** pay **USD 1100** as total contribution fees. All payments are made through our online system in two installments of **USD 600** and **USD 500**. A link to make payments will be sent to you once you have been accepted into the program. Please refer to the **Refund Policy** in later pages on financial implications of premature program withdrawal.
- Qualified **PARALLEL** students **MUST** pay **USD 1600** as total contribution fees. All payments are made through our online system in two installments of **USD 1100** and **USD 500**. A link to make payments will be sent to you once you have been accepted into the program. Please refer to the **Refund Policy** in later pages on financial implications of premature program withdrawal.

STEP 4: University Pre-enrolment

For **REGULAR** option students, after completing the **first instalment payment**, the onboarding process begins whereby you will be given access to the training portal which contains all the study materials for GMAT and GRE. **GMAT training** is **MANDATORY** for all regular students once one has completed making full payments. We have **GRE self-learning resources** for those who choose that option. You are required to prepare for at least 3 months before taking the GMAT/GRE exams. Students are expected to score a minimum of **450** out of **800** in the **GMAT classic** or a **445** out of **805** in the **GMAT Focus** or **298** in the **GRE** to proceed to the next step.

PARALLEL option students proceed straight to university enrolment step without the GMAT/GRE prerequisite.

STEP 5: University Enrolment

We apply for a total of up to a maximum of 3 universities that best fit your profile and needs. Once you join the program, our career advisory team will work very closely with you to determine the best options for you based on your academic background.

STEP 6: Applying for Funding

Once accepted to a school, our team will guide you through the process of applying for tuition and living expenses funding through our lending partners and will also advise you on how to engage our partner universities on applying for any graduate assistantship awards.

The unsecured student loans and graduate assistantship (if any) will enable you to pay for your graduate studies in North America.

STEP 7: Visa Application and training

Once you get approved for funding, our team will guide you on how to request your I-20 or Proof of Acceptance (POA) from the school to seek the student visa.

Upon processing your I-20 or POA, we will guide you through the student visa application process through our intensive visa guidance program to equip you adequately on the expectations of the student visa interview.

STEP 8: Relocation to North America

Once your visa is approved, we will start the process of relocating you to North America. At the time of relocation, the program will charge as unsecured loan, all the expenses you will have incurred through the process. You will start repaying 6 months after relocation for a period of 2 years. Additionally, your student loans covering tuition & living expenses will be directly disbursed to you by our lending partners once you report to school. Repayment for the tuition & living expenses loans will begin 6 months after graduation for a period of 6-10 years depending on the lender.

STEP 9: Career Support

Once you relocate and join university, we offer you career support through our job skills training as you pursue your master's degree. These skill sets are geared towards equipping you with the right competencies after graduation and make your profile impressive and ripe for many amazing opportunities in the corporate world not just in North America but everywhere across the world.

Withdrawal, Late Payment & Refund Policy

- To enroll into this program, students are required to make their 2 instalments contributions using our online system.
- REGULAR option students must contribute the full amount by the time they join our mandatory GMAT/GRE training.
- Both Regular & Parallel option students must complete their payments within 30 days of joining the program.
- There is a **USD 30** late fee per month for any late payment of your contribution.
- The program will full cover relocation expenses to the tune of up to **\$ 5000** for qualified Regular option students. (Please see page 10)
- The program will ONLY cover part of the relocation expenses for parallel option students. (Please see page 10)
- The interest charged on the relocation expenses loan will be 1% per month on reducing balance.
- The interest charges on the tuition and living expenses loan will depend on the originating lender. Interest varies between 9%-15%.
- The regular option students will start repaying the relocation loan 6 months after the disbursement. The loan repayment period is 24 months.
- The students will start repaying the tuition and living expenses loan, 6 months after graduation for 6-10 years depending on the lender.
- As a **REGULAR option** student, there is a non-refundable total contribution amount of **\$600 (Initial program consultation plus registration fees)**. The remaining **\$500** is ONLY refundable if you withdraw within **6 months** of enrolling into the program.
- As a **PARALLEL option** student, there is a non-refundable total contribution amount of **\$1100 (Initial program consultation plus registration fees)**. The remaining **\$500** is ONLY refundable if you withdraw within 6 months of enrolling into the program.

NOTE: Refunds are processed within 4 months after a withdrawal request is submitted through our system and will be subject to deduction of any other expenses incurred apart from initial program consultation plus registration fees.

REGULAR OPTION CONTRIBUTION & FUNDING AVAILABLE

CONTRIBUTION AMOUNT	1 ST INSTALMENT	2 ND INSTALLMENT IN 30 DAYS	RELOCATION LOAN AMOUNT	TUITION & LIVING EXPENSES LOAN
\$1,100	\$600	\$500	\$5,000	\$up to \$100,000

The relocation loan caters for relocation expenses, such as school applications, Air ticket, Visa fees, GMAT/GRE fees, SEVIS fees, Immunizations, initial rent and lease deposits etc, as per the relocation budget in subsequent pages of this handbook.

PARALLEL OPTION CONTRIBUTION & FUNDING AVAILABLE

CONTRIBUTION AMOUNT	1 ST INSTALMENT	2 ND INSTALLMENT IN 30 DAYS	RELOCATION LOAN AMOUNT	TUITION & LIVING EXPENSES LOAN
\$1,600	\$1100	\$500	\$N/A	\$up to \$100,000

In addition to the above contribution, parallel students take care of some of their relocation expenses. These expenses are not required to be pre-paid upfront but rather as incurred. relocation expenses include Air ticket, first month rent & lease deposits etc. The program will cover 3 school applications, Visa fees and the SEVIS fee if a student scores 80% and above in our visa preparation mock sessions.

	TOTAL BUDGET USD 5000		

SUMMARY OF UNIVERSITIES IN THE PROGRAM

We currently work with a select number of universities that offer STEM designated programs. STEM programs provide up to 3 years of optional practical training (OPT) after graduation, while non-STEM programs provide 1 year OPT.

All the beneficiaries of the program are enrolled at any of the following universities.

1. **Indiana University of Pennsylvania (IUP) – (OFFICIAL PARTNER)**
2. **Missouri State University – (OFFICIAL PARTNER)**
3. **University of Kentucky (UK)- (OFFICIAL PARTNER)**
4. **University of Louisville (UofL)- (OFFICIAL PARTNER)**
5. **South Dakota State University (SDSU) – (OFFICIAL PARTNER)**
6. **University of Delaware (UD)- (OFFICIAL PARTNER)**
7. **Montclair State University- (OFFICIAL PARTNER)**
8. **Quinnipiac University- (OFFICIAL PARTNER)**
9. **William Jessup University- (OFFICIAL PARTNER)**
10. **Southeast Missouri State University (SEMO) - (OFFICIAL PARTNER)**
11. **University of Colorado Denver (CU Denver) - (OFFICIAL PARTNER)**
12. **Temple University- (OFFICIAL PARTNER)**
13. **Grand Valley State University (GVSU)**
14. **Illinois State University (ISU)**
15. **University of South Florida (USF)**
16. **University of Maine (UMaine)**
17. **DePaul University**
18. **Kansas State University**
19. **San Diego State University**
20. **University of North Dakota (UND)**
21. **University of Idaho**
22. **University of Wyoming**
23. **Northeastern University Toronto, Canada**
24. **Northeastern University Vancouver, Canada**

*We keep expanding and updating the list as we find more good partner schools. Please note it takes on average 1 year to prepare to migrate to North America as an international Student through the regular option and 6 months through the parallel option, so please plan accordingly.

Indiana University of Pennsylvania (IUP)

Founded: 1875

Total Students: 9,044

Postgraduate students: 1,865

Acceptance rate: 93%

Location: Indiana, Pennsylvania

Yearly Out of State Tuition Fees: \$18,854

Benefits for KAP students at this school

- Tuition fee scholarship of up to KES 2 million for the full course
- Waiver of application fee of around KES 7,800
- Waiver of evaluation of transcripts of around KES 39,000
- Priority for graduate assistantship awards to qualified candidates
- Priority in processing of admission

To qualify for The KENYA Airlift Program at IUP, you must be willing to study any of the following programs:

Program	Designation	Entrance Examination	Examples of Career Pathways
<u>Master of Science in Applied Mathematics</u>	STEM	None	<ul style="list-style-type: none"> • Actuary • Data Analyst
<u>MBA Supply Chain Management</u>	STEM	None	<ul style="list-style-type: none"> • Supply Chain Director • Senior Product Manager
<u>MBA in Business Analytics</u>	STEM	None	<ul style="list-style-type: none"> • Business Analyst • Systems Analyst

Missouri State University

Founded: 1905

Total Students: 22,926

Postgraduate students: 4,183

Acceptance rate: 87%

Location: Springfield, Missouri

Yearly Out of State Tuition Fees: \$14,746

Benefits for KAP students at this school

- Tuition fees scholarship of up to KES 1.5 million for the full course
- Waiver of application fee of around KES 9,000
- Waiver of evaluation of transcripts of around KES 39,000
- Priority for graduate assistantship awards to qualified candidates
- Priority in processing of admission

To qualify for The KENYA Airlift Program at MSU, you must be willing to study any of the following programs:

Program	Designation	Entrance Examination	Examples of Career Pathways
<u>MS in Project Management</u>	STEM	None	<ul style="list-style-type: none"> • Project Manager • Project Coordinator
<u>MS in Mathematics</u>	STEM	None	<ul style="list-style-type: none"> • Statistician • Data Scientist
<u>MS in Information Technology</u>	STEM	None	<ul style="list-style-type: none"> • Information Technology Manager. • IT and Network Specialist
<u>MS Computer Science</u>	STEM	GRE	<ul style="list-style-type: none"> • Computer scientist • Systems Analyst
<u>MS in Chemistry</u>	STEM	GRE	<ul style="list-style-type: none"> • Chemical Research • Forensic Scientist

Quinnipiac University

Founded: 1929

Total Students: 10,000

Location: Hampden, Connecticut

Acceptance rate: 88%

Yearly Tuition Fees: \$46,780

Benefits for KAP students at this school

- Tuition fees scholarship to qualified students of up to KES 0.8 million
- Waiver of enrollment deposit fee of around KES. 32,000
- Waiver of evaluation of transcripts of around KES 39,000
- Waiver of application fee of around KES 10,000
- Priority in processing of admission

To qualify for The KENYA Airlift Program at Quinnipiac University, you must be willing to study the following programs:

Program	Designation	Entrance Exam Required	Examples of Career Pathways
<u>MS Computer Science</u>	STEM	Optional	<ul style="list-style-type: none"> • Computer Scientist • System Analyst
<u>MS Cyber Security</u>	STEM	Optional	<ul style="list-style-type: none"> • Data Analyst • Security Engineer
<u>MS Biomedical Sciences</u>	STEM	Optional	<ul style="list-style-type: none"> • Microbiologist • Biochemist
<u>MS Molecular & Cell Biology</u>	STEM	Optional	<ul style="list-style-type: none"> • Research Scientist • Biochemist
<u>MS Business Analytics</u>	STEM	Optional	<ul style="list-style-type: none"> • Business Analyst • Data Analyst

William Jessup University

Founded: 1939

Total Students: 2,009

Postgraduate Students: 600

Acceptance rate: 78%

**Location: Silicon Valley,
California**

Yearly Out of State Tuition Fees: \$14,318

Benefits for KAP students at this school

- Waiver of application fee of around KES 12,000
- Waiver of enrollment deposit of around KES 160,000
- Waiver of evaluation of transcripts of around KES 39,000

To qualify for The KENYA Airlift Program at William Jessup University, you must be willing to study the following programs:

Program	Designation	Entrance Exam Required	Examples of Career Pathways
<u>Master of Science in Computer Science</u>	STEM	Optional	<ul style="list-style-type: none"> • Systems Manager • Computer Networks Engineer

Southeast Missouri State University (SEMO)

Founded: 1873

Location: Cape Girardeau, Missouri

Total Students: 9,927

Postgraduate students: 1,473

Acceptance rate: 79%

Yearly Out of State Tuition Fees: \$12,645

To qualify for The KENYA Airlift Program at SEMO, you must be willing to study the following programs:

Program	Designation	Entrance Exam Required	Examples of Career Pathways
<u>MS Applied Computer Science</u>	STEM	Optional	<ul style="list-style-type: none"> • Computer Systems Manager • Database Administrator
<u>MS Cybersecurity</u>	STEM	Optional	<ul style="list-style-type: none"> • Cybersecurity Architect • Cybersecurity Engineer
<u>MS Technology Management</u>	STEM	Optional	<ul style="list-style-type: none"> • Data Processing Manager • Information Scientist

University of Colorado Denver (CU Denver)

Founded: 1912

Total Students: 13,548

Postgraduate students: 2,652

Acceptance rate: 66%

Yearly Out of State Tuition Fees: \$30,885

Location: Denver, Colorado

Benefits for KAP students at this school

- Waiver of application fee of around KES11,000
- Waiver of evaluation of transcripts of around KES 39,000
- Priority in processing of admission

To qualify for The KENYA Airlift Program at CU Denver, you must be willing to study the following programs:

Program	Designation	Entrance Exam Required	Examples of Career Pathways
<u>MS Information Systems</u>	STEM	Optional	<ul style="list-style-type: none"> • Computer Systems Analyst • Data Analyst
<u>MS Computer Science</u>	STEM	GRE	<ul style="list-style-type: none"> • Computer Systems Manager • Database Administrator
<u>MS Economics</u>	STEM	GRE	<ul style="list-style-type: none"> • Economist • Data Scientist
<u>MS Applied Mathematics</u>	STEM	GRE	<ul style="list-style-type: none"> • Statistician • Data Scientist
<u>MS Business Analytics</u>	STEM	GRE	<ul style="list-style-type: none"> • Business Analyst • Data Analyst
<u>MS Statistics</u>	STEM	Optional	<ul style="list-style-type: none"> • Statistician • Analyst

Grand Valley State University (GVSU)

Founded: 1960

Undergraduate Students: 21,112

Postgraduate Students: 2,921

Acceptance rate: 87.5%

Location: Allendale & Grand Rapids,

Michigan

Yearly Out of State Tuition Fees: \$14,030

To qualify for The KENYA Airlift Program at GVSU, you must be willing to study the following programs:

Program	Designation	Entrance Exam Required	Examples of Career Pathways
<u>Master of Science in Applied Statistics</u>	STEM	Optional	<ul style="list-style-type: none"> • Operations Research Analyst • Computer Scientist
<u>Master of Science in Cyber Security</u>	STEM	Optional	<ul style="list-style-type: none"> • Cybersecurity Architect • Cybersecurity Engineer
<u>Master of Science in Data Science & Analytics</u>	STEM	Optional	<ul style="list-style-type: none"> • Big Data Engineer • Data Architect
<u>Master of Science in Health Informatics & Bioinformatics</u>	STEM	GMAT/GRE	<ul style="list-style-type: none"> • Clinical Scientist • Data Scientist
<u>Master of Science in Applied Computer Science</u>	STEM	Optional	<ul style="list-style-type: none"> • Application/Full-stack Developer • IT Business Analyst
<u>Master of Engineering</u>	STEM	GMAT/GRE	<ul style="list-style-type: none"> • Systems Analyst • Electrical & Computer Engineer
<u>Master of Science in Biostatistics</u>	STEM	Optional	<ul style="list-style-type: none"> • Statistical Analyst • Biotechnologist
<u>Master of Science in Biology</u>	STEM	Optional	<ul style="list-style-type: none"> • Forensic Scientist • Microbiologist

University of Texas at Arlington

Founded: 1895

Undergraduate Students: 27,704

Postgraduate Students: 11,624

Acceptance rate: 93%

Location: Arlington, Texas

Yearly Out of State Tuition Fees: \$16,000

To qualify for The KENYA Airlift Program at UT-Arlington, you must be willing to study the following programs:

Program	Designation	Entrance Exam Required	Examples of Career Pathways
<u>MS Accounting</u>	STEM	GMAT/GRE	<ul style="list-style-type: none"> • Forensic Accounting • Financial Analyst
<u>MS Economics</u>	STEM	GMAT/GRE	<ul style="list-style-type: none"> • Economist • Data Scientist

WHAT OUR BENEFICIARIES HAVE TO SAY

Kelvin Ongaga

Illinois State University (ISU)

"The KENYA Airlift Program gives the sons and daughters of the hoi polloi a chance in life. Being part of the program has impacted me positively. I cannot wait to see how the coming years pan out."

Wilfred Mwiti

The University of Alabama in Huntsville (UAH)

"I am honored to be one of the first beneficiaries of The KENYA Airlift Program. I sincerely thank the program for assisting me throughout my journey and for offering me a job after graduation. I cannot thank you enough. I want to give my best in my role as the program manager to make sure that those coming through the program succeed like I did."

Elosy Kithinji

Illinois State University (ISU)

"Being part of The KENYA Airlift Program has been the most rewarding experience ever! They've held my hand since the first day I moved to the US till now (1 year later). They've continuously supported, advised, guided and walked with me in the pursuit of my American dream, without which I wouldn't be where I am today."

Jackson Omushien

Illinois State University (ISU)

"I had been struggling to find admission and moving abroad for close to four years but upon joining The KENYA Airlift Program, it took less than 6 months after my second GMAT exam. I completed my undergrad in 2015 and now I have managed to get a scholarship towards my graduate studies in Applied Economics (A STEM Program with an amalgamation of IT courses). It was a swift process which made me get accepted to all the schools I applied. Furthermore, there is visa coaching that tremendously increases one's probability of getting a visa (more than 85% visa approval rating). Thanks to the team for the assist even after landing in America

Janet Mwangi

Grand Valley State University (GVSU)

"The process is smooth and straightforward, but you need to do your part too as a student. Bob goes out of his way to ensure you get what you signed up for - and more. I would recommend the program for their professionalism and excellent services! It is a hidden gem; I hope more people realize this and take advantage of the opportunity to advance their careers in IT and ultimately improve their lives."

Alex Gichuki

Grand Valley State University (GVSU)

"Not only do they help you with your school application process but also prepare you for the visa interview to increase your chances of approval. I am forever grateful for the overwhelming support that I received through the program. I would highly recommend The KENYA Airlift Program and Appstec America, anytime, all the time, to international students like me who wish to study IT related programs in the USA."

THE KAP GALLERY

Beneficiaries of the program at the University of Delaware take a stroll on campus.

A section of students attending a past airlift luncheon listen attentively to the proceedings.

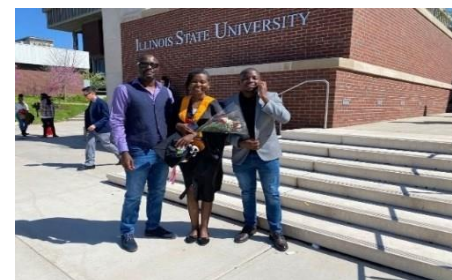

Some KAP staff at Muthaiga sq office, Nairobi going through a meeting of the daily operations of the program.

One of our lending partner Director Jen White receives an appreciation token from KAP in a past airlift event.

Students of the program share a hearty moment with their professors and KAP Director Bob Mwiti (right).

Bob together with Elosy and Wilfred take a picture pose during Elosy's graduation.

Beneficiaries of the program wave goodbyes to their families at JKIA Nairobi on their way to USA.

KAP director, Bob presents the car keys to Wilfred who received this BMW as part of his employment benefits as a manager for the program!
